## STUDENTS SEEK VACATION DAY

Gettysburg College students snarled traffic on Carlisle St. and Lincoln Square for about a half hour Thursday night as part of a demonstration by which they hoped to win an additional day's vacation during the Thanksgiving holiday.

The students started their demonstration with a bonfire on the campus at 9 o'clock, then moved to Carlisle St. and Lincoln Square where some sat or lay on the street.

Borough policeman Paul B. Shearer was joined by L. C. Hamme, college officer, two state policemen and Cumberland Twp. Policeman Bernard V. Miller in the attempt to return the students to the campus.

Gettysburg firemen provided the service truck equipped with a loud speaker, through which Dean Jack Shainline and student leaders spoke to the crowd and eventually the students returned to the campus. The fire department then was called to extinguish the bonfire on the campus.

Leaders of the demonstration called press services and radio stations in an attempt to publicize the effort. Firemen heard in advance of the move and were at the engine house in event they were needed.

Shearer said some students broke outside rear view mirrors off several cars trying to move through the crowd. A large tractor-trailer moved through the crowd scattering the students.

## U.S. Will Use Force To Balk Castro's Infiltration Into Anti-Communist Countries

By JOHN SCALI

AUGUSTA, Ga. (AP) — The United States has served notice it will use military force instead of diplomatic protests to stop Cuba's Fidel Castro from subverting anti-Communist countries in the Caribbean.

President Eisenhower signalled the start of this tougher, more active policy Thursday by rushing U.S. warships into position to defend Guatemala and Nicaragua from any invasion by pro-Castro rebels.

Eisenhower's emergency action foreshadowed similar American military help for any other Caribbean nation which might request it.

### BLUNT WARNING

Top officials said movement of four U.S. destroyers and an aircraft carrier into the area was a blunt warning to Castro that he will not be permitted to export his leftwing revolution to other Latin-American nations.

They acknowledge that the President's action carried a step further the existing policy of opposing by words what are regarded as Castro's pro-Communist maneuvers.

They compared it to warships of the 7th Fleet patrolling the waters around Formosa to dis-

courage any Chinese Communist attack.

Instructions to fleet units dispatched into the Caribbean trouble zone, they noted, are not only to prevent but to "seek out" any Communist directed landing of men and supplies on Guatemala and Nicaraguan territory.

These orders presumably could be interpreted to allow U.S. warships and planes to smash any invasion ships or supply vessels headed toward either of the two Central American republics.

Two factors were reported to have guided the President and his top advisors in deciding on the move:

1. There seemed to be genuine reasons for fearing that pro-Castro fanatics might follow up this week's unsuccessful revolts in Guatemala and Nicaragua with new, stronger armed attacks.

2. Castro secretly has been smuggling and diverting some of his vast quantities of Communist-made weapons to leftwing groups who are plotting pro-Castro revolts throughout the Caribbean area.

Faced with this information, Eisenhower and Secretary of State Christian A. Herter jointly decided the time had come to act militarily to block Castro.

## This Fellow Likes Hospitals

LONDON (AP) — Nothing makes Maurice Hatt happier than lying swathed in bandages on a hospital operating table.

In the last 10 year, the court at Aylesbury was told Thursday, the mortuary keeper bluffed his way into 500 hospitals. Though perfectly fit, he was cut open by surgeons dozens of times.

Hatt, 25, it was explained, has an obsession known as Munchausen Syndrome—named after an 18th Century German baron who invented fantastic stories about himself.

He was arrested because he drove a truck dangerously in an effort to get back into a hospital.

The judge ordered him restricted—of all places—to a hospital under the Mental Health Act. This visit is likely to last 10 years, a doctor said.

## PANEL SAYS TV, MOVIES GOOD WHEN LIMITED

Television, movies and magazines are good educational tools when restricted and controlled, whether they are used in the school or the home, was the conclusion of the panel discussing the effects of these mass media Tuesday evening in the East Berlin unit of the Bermudian Springs School.

The discussion was sponsored by the East Berlin PTA. Members of the panel were: Mrs. Ray-high school faculty; Jack Miller, elementary faculty; Rev. Harold W. Stoudt, pastor of the Trinity Lutheran Church of East Berlin, representing the clergy; and Mrs. Robert Gregory, representing the parents. Mrs. Vernon Hoke was the moderator.

Miller said a poll of his 30 sixth grade students revealed that nine had seen a movie in the past month and that five had never seen a movie in a theater. Comic books were available to 27 students in their homes. Eight said they had access to Life and Look magazines. Most of his students has access to TV and that one half of them indicated they had to complete home duties and studies before viewing TV. Eight students indicated no restrictions in the use of TV.

### DON'T BLAME CHILDREN

Miller said he believed that TV viewing should be restricted and that children can not be blamed for what they see. Choice of TV fare depends upon the parents, he said.

Mrs. Gregory spoke of three types of material in the three fields of mass media: technical, news, and entertainment.

She indicated that technical material helped children determine their careers and hobbies, that news made children more aware of world affairs and at an earlier age than was true a few years ago; that choice of entertainment was dependent upon the individual's tastes.

She said parents must set the example for themselves, but parents can better steer the child's choice if they are informed through the use of reports and reviews.

### TOO MANY COMICS

Mrs. Davis emphasized that children in the same family differ in the amount and types of material read, but that this does not necessarily mean that the more avid readers are more learned or better equipped for life. Children choose their material according to their innate characteristics.

She said the use of mass media must be controlled by the parents as too much of certain material may make the child content with mediocre fare. From a poll taken of her English classes she said that those students who read most now were once readers of comic books. Parents should

not be worried about what their children are reading, but about what they are not reading.

Rev. Stoudt spoke of a "certain type of magazine and motion picture being produced today that deals with only one subject, not just a three letter word which we call sex, but sick sex."

He said, "You don't have to go out of East Berlin to purchase them (magazines), and youth are buying them. Sick sex distorts the true life picture. Youth, as they grow toward maturity, are setting standards, goals and ideals. They cannot attain these with the magazines they are reading."

## POLITICS OF

(Continued From Page 1)

a panel discussion will follow. At noon many of the historians will attend the annual luncheon meeting of the Lincoln Fellowship at the Hotel Gettysburg, the afternoon ceremonies and the dinner at the hotel in the evening.

In his opening lecture Thursday evening, Dr. Graebner said in part:

### REACHED DEAD END

"By 1860 American politics had reached the dead end predicted for it by the very nature of the slavery issue. Dominant political elements of both the North and the South demanded of the nation what could be achieved only by defying the Constitution. But for the American people there was no escape from the eternal predicament to which the politicians had consigned them.

"For Northern campaigning had assured the country that it could never again retreat from the moral implications of slavery. Lincoln chided the South for its intolerance of the Republican party. Nothing that the South could do, he observed, would quiet the Northern conscience. Antislavery sentiment, he reminded the South, commanded a million and a half votes.

"But had that number been twice as large, the question of slavery in the nation would have been no nearer solution.

"Beyond their campaigning there could be only continued vituperation, continued enlargement of moral sentiment that could never be satisfied, continued governmental inaction until the nation would relieve itself of its moral and political dilemma through the only means remaining—civil war.

"For the thoughtful political observer in 1860 the future was gloomy indeed."

### IMPLICATION OF DOOM

Much of the same political background was referred to by Dr. Fehrenbacher in his lecture this morning on the "Irrepressible Republicans." He concluded:

"If the party had followed the course marked out by Greenleaf, secession just might have been prevented, or at least postponed. But in choosing the middle way, in nominating an Abraham Lincoln, the Republicans made themselves both invidious at the North and unacceptable in the deep South. And the gloomy certainty with which many Southerners anticipated Lincoln's election during the summer of 1860 gave secessionist leaders all the more time to prepare for action.

"Southern apprehensions, although fed by hysteria, were to some extent rooted in grim reality. For there was an unmistakable ambivalence at the core of Republicanism, well exemplified in Lincoln's contemplation of 'ultimate extinction' while guaranteeing the security of slavery where it already existed. The Republican victory, although posing no great immediate threat to the slaveholding society of the South, nevertheless carried within it an implication of that society's doom. In their decision to withdraw from the newer nation symbolized by Lincoln, Southerners were in effect attempting to hold back a future which seemed to have no place for them."

## Today's Talk

**BE ONE WITH THE GIANTS**  
Who is there who does not want to grow, to improve himself, to rise each day—maybe to be just a little nearer to the stars? Wrapped within the heart-chamber of every human being is a small package which we will call the package of possibilities. No matter how poor or ill-born you may be, that little package is there.

It's what you do with the contents of this package that places you in the world.

The greatest mind which ever wielded power was once quite ignorant. But it unfolded its package—and went to work. It decided to be a giant—and so that is what it became!

I have an idea that as Napoleon played with his schoolmates and took their jibes, he saw himself as a leader in merit over them all. One does not have to make a great noise to show one's growth and improvement. One may be "striving upward in the night" for all that anybody knows.

And it is not necessary to borrow in order to climb. Use what you are and have. And keep at the game with what you were given when you were placed gently in your crib. You have success within you. Bring it out some way or other.

They say that when you are in Rome, you must do as the Romans do. There is a great idea back of this statement. If you would be of use and be numbered with the giants you must do as the giants did—work and work and work—all the way!

Drinkwater, in his play "Abraham Lincoln," said that when we appreciate greatness, we ourselves are great.

To get space among the giants, we must somehow learn their stride!

Tomorrow Mr. Adams will talk on the subject: "The Clear Vision"

## Just Folks

**REAL WORK**  
The greatest thing a man can do is not to pile up gold  
Or win a place in life that other men would like to hold;  
It's not to have a famous name that time can never dim,  
It's just to have his mother every minute proud of him.

The finest record on this earth that any man can make  
Is never told in medals that but skill and strength can take;  
It's not alone in courage when there's need for courage grim  
It's just to have his mother every minute proud of him.

And a fellow needn't worry when his time of life is through  
If the roses are not many and the mourners are but few,  
He will walk right into glory and will stand erect and trim  
If he's only had a mother who was always proud of him.

## Social Security

Q. My wages run about \$5,000 a year. How much will be taken out for social security?

A. On the first \$4,800 you earn in 1960, your employer will deduct 3 per cent, or \$3 from every hundred you make. This is 50 cents more per hundred dollars of earnings than you paid last year. Your total social security tax in 1960 (3% of \$4,800) will be \$144 instead of the \$120 you paid in 1959. Your employer matches this amount out of his own pocket.

Q. I own and operate a farm. Are my social security taxes scheduled to go up in 1960?

A. People who work for themselves will pay a social security tax of 4½ per cent on the first \$4,800 of their net earnings in 1960. This is an increase of ¼ of 1 per cent over the 1959 rate. Note, however, that you will not pay the 4½ per cent tax on your 1960 earnings until early in 1961.

Q. My pay period is for two weeks and my first pay check in January was for the last week in December and the first week in January. Will the new tax rate only apply to the January earnings or to the whole pay check?

A. It will apply to any pay that you actually receive on January 1 or later, even though some of the money was for work done in 1959. To split the pay checks for two different tax rates would give employers and payroll departments a major headache and be more trouble than it's worth.

That's why the law says that the tax rate for the year applies to all earnings (up to a maximum of \$4,800) actually paid to the employee during the same year.

Q. How many workers will be affected by the tax increase?

A. About 74 million people are in work covered by social security.

Q. Why are social security taxes higher than they used to be?

A. For one thing benefits are much higher now than they used to be. For example, in 1919, the highest monthly benefit that could be paid to a retired worker without dependents was \$45.60, compared to as much as \$119 in 1960. In 1919 the highest family benefit was \$85. Now it is \$254. A gradually increasing schedule of taxes was written into the law right from the beginning. Congress has increased this tax schedule from time to time in order to finance the increased benefits and the expanded protection the social security program did not include at the beginning—like survivor benefits if the wage earner dies, cash benefits for disabled workers. In raising benefits or adding protection features, Congress has set the tax rates at the level that would assure that any benefits due you are certain to be paid, both now and far into the future.

## YOUTH ADMITS SLAYING HIS FOSTER MOM

PHOENIX, Ariz. (AP)—Police arrested Grant Bradley Connor, 21, early today and detectives said the youth tearfully admitted killing his foster mother last weekend in Detroit, Mich.

Detective Eloy Ysasi said he arrested Connor while on routine patrol duty after spotting a Michigan license plate number sent here from that state.

Accompanying Connor, the officer said, was a woman acquaintance and a hitchhiker. Both were held as material witnesses.

Ysasi said the murder victim was Harriett Connor, 48.

When questioned about her death, Connor first denied any knowledge of it and then broke down, Ysasi said.

The detective said Connor, an ex-convict who had been deported from Michigan to Windsor, Ont., gave this account:

Last Saturday he climbed through a window of Mrs. Connor's apartment, waited until she got home, shot her in the head and fled after taking \$100 and a set of car keys from her purse.

"I shot her once. She didn't even know I was in the house," Connor was quoted in a two-page statement.

Ysasi said Connor evidently went on a brief spree with the stolen money, then drove to Jackson, Mich., and picked up Theresa Pratt, 20.

According to Connor's statement, the couple then headed to the Southwest. In Illinois they picked up a hitchhiker, identified as Stanley E. Albert, 20, who was headed to Phoenix to work.

Ysasi said Mrs. Pratt related that she and Connor planned to drive on through to Reno, Nev., so that she could get a divorce and marry Connor.

## SAYS GABLE DIED FROM SECOND CLOT

HOLLYWOOD (AP)—Clark Gable's doctors say the actor was recovering from one heart attack when a second blood clot took his life in a matter of seconds.

Details of the famed actor's death were made public Thursday as plans were made to entomb him beside the body of Carole Lombard, the third of his five wives.

Private services will be conducted Saturday at 9 a.m. in the Church of The Resurrection at Forest Lawn Memorial Park at nearby Glendale. Only members of the family and close personal friends will attend.

## DIED IN CRASH

Miss Lombard was killed in a 1942 plane crash. Friends said Gable never quite got over his grief when she died.

The decision to entomb him in Miss Lombard's Forest Lawn crypt was made by his widow, Kay, who is five months pregnant with Gable's first child.

His physicians, meanwhile, gave details of the fatal illness which ended the actor's three-decade legend as king of Hollywood leading men.

"I thought he was getting along so well," said Dr. George C. Griffith, "that I talked to him Wednesday morning about how he should care for himself during the coming months—and told him there was no need for me to see him again, unless needed."

## CALLED AS CONSULTANT

Dr. Griffith was called in as a consultant by Gable's heart specialist, Dr. Fred V. Cerini. The two physicians said Gable's death Wednesday night resulted from a second blood clot in an artery supplying the back of the heart.

The doctors said that heart tissue damaged in the first attack was healing well, and that Gable, who was 59, had reacted favorably to drugs which reduce the coagulation factor in the blood stream, thus lessening the likelihood of clots.

Cerini said he had entered the actor's room only seconds before Gable died.

"He just flipped his head to one side on the pillow and was gone," Cerini said. "He didn't say anything."

## Ten Seniors To Play Final For Bullets Against Temple At Philadelphia Saturday

Ten Gettysburg College football seniors will make their final appearance in a Bullet uniform Saturday afternoon when the Battlefields drop the curtain on their 1960 grid season in Philadelphia.

The Bullets will tangle with Temple University in a Middle Atlantic Conference University Division battle. Both teams will enter the encounter with identical 2-6 records. The kickoff is slated for 1:30.

The 10 seniors on the Bullet roster include, Lance Butler and Ron Frederick, ends; Mike Pacilio, tackle; Frank Temme and Wayne Yohe, guards; Joe Bailey, center; Dave Barclay, Buddy Goodman, Eddie Lucas and Bruce Elton, backs.

### BULLETS LEAD SERIES

Temple and Gettysburg have clashed on the gridiron four times since the initial meeting in 1956. The Bullets have captured all four wins including a 35-0 victory last season.

The Owls, playing under new head coach George Makris, have been depending on several top notch sophomores. Leading the list of second year men will be Don Council, the team's number one ground gainer with 401 yards on 69 carries. Another sophomore, Ernie Wayland, is second with 328 yards on 89 carries. Wayland is the team's top scorer with 30 points and senior Charley Lotson placing second with 18.

The Owl passing attack rests in the hands of sophomore Bill Grubb. Grubb has connected on 28 of 76 tosses for 326 yards and a pair of touchdowns and two conversions.

Temple's starting lineup against the Bullets will include ends, John

### State, Pitt In Good Physical Condition

PITTSBURGH (AP) — With an exception or two, both Pitt and Penn State appear in pretty good physical shape for their big game Saturday at Pitt Stadium.

Pitt will have the biggest loss. Bob Clemens, the Panthers' leading ground gainer, won't be able to play because of a pulled leg muscle suffered in practice Tuesday.

Influenza hit several Pitt players recently, but so far, no one is expected to miss the game because of it.

Pitt guard John Drakler, who was shaken up in the Notre Dame game, is expected to be ready for action.

The only doubtful player for State is halfback John Gursky. Gursky received a shoulder injury in last week's game against Holy Cross. He has averaged 3.9 yards on 33 carries and has scored three touchdowns.

### By DEWEY MOYER

It has often been said there are no experts on ruffed grouse. This is largely true. The one man I know who might claim an expert's title states, "The older I get and the more I hunt, the more I realize how little I really know about grouse." Anyone who pretends to be an expert on grouse is either very stupid or—worse—a great twister of the truth. Grouse hunting is tough, but this is what makes it the greatest upland game shooting in the nation. What is grouse country? One school of thought is that grouse are in the wooded area and the other is that the birds will be found only in the fringe areas. One thing however is certain. That Mr. Grouse will not be too far from his dining hall or drinking fountain. His preference runs strongly to berries and fruit of all types and some mast and greens. Of all types of guns used for grouse hunting probably the most popular is the double. This gives the hunter the advantage of two chokes. Weight and barrel length are also important. A light weight gun with a 26" barrel is your best bet for the grouse hunter. Loads are also a matter of choice, but here again most grouse hunters use 7½ shot. The ruffed grouse is the purr of certain New England areas, the "fool hen" of more isolated districts, the pheasant of certain areas of the south. In anyone's language, he is the "King of the Woods." He is really the symbol of the ultimate in American hunting.

Hunters, we still have a large selection of hip-worries, rifles. Take time off and see the selection at GETTYSBURG NEWS & SPORTING GOODS. ## SCHOLASTIC GRID PICKS GETTING SLIM

By FRED WALTERS

HARRISBURG (AP) — Don't close the books yet; we've still got a couple more weekends left in the 1960 Pennsylvania high school football season.

Here's a line on this week's top games:

East: Nashaminy over Bensalem—Nashaminy has outclassed all its Bux-Mont opponents so far and has been tied only by Easton. Each has a 7-0 league record going into this finale.

West Scranton over Blakely—West Scranton, unbeaten and untied, shoots for another East Penn Northern Division title.

Midstate: Berwick over Milton—Berwick would like to add the Susquehanna Valley to its East Penn Southern Division and Keystone Conference trophies; Milton could be tough.

Coal Twp. over Danville—Now that Coal's unbeaten season has been ruined by Berwick, it looks to rebound against a sliding Danville team.

Lancaster over York—The Tornados are supposed to be smarting from a crack about "backing into" the Central Penn title; a victory here would give them a perfect league record.

West: Charity Game

Pittsburgh North Catholic over Boys Town, Neb.—An annual charity game, picked on the basis of North's perfect record this season.

East: Philadelphia Roxborough over Philadelphia Box, Philadelphia Dobbins over Philadelphia Mastbaum, Malvern over St. Joseph's Prep, Darby over Eddystone, Bristol over Levittown, Tunkhannock over Lackawanna Trail, Wilkes-Barre GAR over Larksville, Plains over Nanticoke.

Midstate: Shippensburg over Hanover, Carlisle over Mechanistown.

Saturday: East—Arlington over Cheltenham, Pennsylvania over Delhaas, Springfield (Montco) over Ambler, Allentown Dieruff over Allentown Catholic, Pittston St. Johns over Luzerne.

Midstate—Steeltown over Lebanon, Bald Eagle-Nittany over Montgomery, South Williamsport over Muncy.

Sunday: East—Reading Catholic over Shenandoah Catholic, Chester St. James over Philadelphia St. Thomas More.

Midstate—Mount Carmel Catholic over Marian Catholic.

Last week: 44 right, 13 wrong, 4 ties, .772; season: 391-135-35, .743

2 TITLES FOR MISSOURI? There is talk of bowls, conference titles and maybe a national college champion in Saturday's action, the last full Saturday of the 1960 season.

Missouri, ranked first in the current Associated Press poll with a 9-0 record, closes its season against Kansas (6-2-1) as the two battle for the Big Eight title.

The Tigers already have nailed down an Orange Bowl berth since the Jayhawks are banned by the NCAA from postseason play.

BECOMING NERVOUS

What is also in the minds of the Missourians (so much so that Coach Dan Devine says his troops "are becoming nervous") is the fact that a victory almost assures them of staying atop the AP poll, and permanent residency there for the remainder of the season means the national title.

Iowa, ranked second, goes against Notre Dame (1-7). Iowa (7-1) has lost only to Minnesota, and has clinched at least a tie for the Big Ten title.

CLINCH BIG 5 TITLE A Minnesota (7-1) loss to Wisconsin (4-4) would give the Hawkeyes the conference crown and a possible trip to meet Washington's Huskies in the Rose Bowl.

The Huskies (No. 5) have already clinched the Big Five title and will probably make a formal acceptance next week to defend their Bowl title. Saturday they meet Washington State (4-4-1).

Duke (7-1), sixth-ranked, can nail down the Atlantic Coast Conference crown if it beats North Carolina (1-7).

HARVARD ON TV Seventh-ranked Arkansas (7-2) needs only beat Texas Tech to get the host spot in the Cotton Bowl, and at least a share of the Southwest Conference title.

In other games involving the top ranked teams, Auburn (7-1), ranked ninth, meets Florida State while 10th ranked Ohio State (6-2) faces Michigan (5-3).

Mississippi, ranked third, and Navy (No. 8) are idle. The Mid-dies are prepping for their big game against Army next week.

Yale (8-0) goes after its first perfect season since 1923 in its finale against Harvard (5-3). This game is televised (1:30 Eastern Standard Time, ABC-TV).

## Littlestown Has Bright Cage Prospects; Loom As Strong A-F Loop Threat

Littlestown High School looms as the team to beat in the Adams-Franklin Basketball League this season, the Bolts having a good abundance of veterans, all of whom are experienced.

Jack Bream, starting his fourth year as coach at Littlestown, piloted the Thunderbolts to the Adams Division title last year but lost to Greencastle 62-60 for the overall league title.

There are seven veterans back from last year's fine outfit including the two top scorers, Bob Benner, 6-4, who averaged 17.2 points per game, and Larry Weikert, 6, who scored an average of 12.9. Benner also led in rebounding last season by averaging 12.3 grabs while another returnee, Gene Applier, 6-2, was second in rebounding with 7.9 per game. All are Seniors.

In addition to the above vets other seasoned squad members include: Charles Mummert, 5-10; Don Orndorff, 5-10, and Bill Bowers, 5-10, all of whom are Seniors. Newcomers to the varsity squad include the following Juniors: John Strevig, 6-2; Don Jones, 5-10; Don Arbogast, 5-9; Bill Blocher, 5-9½; Francis Barnes, 5-8, and Pete Stavelly, 6.

Ron Hall is coaching the Junior varsity and now has a group of 40 candidates.

IN CHRISTMAS TOURNEY A 20-game schedule, plus participation in a Christmas holiday tournament at Susquehanna, has been arranged for the Thunderbolts. In the Susquehanna tournament, to be held December 28 and 30, the Bolts will meet Susquehanna in the second game of the December 28 twin bill. The opener pits York Central against Dallastown.

The complete schedule follows: December 2, Kennard-Dale, away; 9, Kennard-Dale, away; 16, \*Bermudian, away; 20, \*Fannettsburg, away.

UPPER MIDDLE, who nipped S.U., 8-7, with a desperation pass in the last two minutes of play, and Waynesburg, 13-9 victims, were the only teams able to score against Susquehanna. The defensive record is one of the best in intercollegiate circles, large and small colleges included.

Garrett, former frosh mentor at Lehigh University, credits teamwork, top physical condition, and desire as the major reasons for the success of his team. He employs the split-T type offense with variations. His squad includes a dozen frosh, including six on the starting team.

ANCHOR GUARD Aggressive Ben DeFrancesco, 162-pound junior guard from Mt. Carmel, Pa., an ex-GI, is the anchor of the rock-ribbed S.U. defensive unit which has held the enemy to less than 100 net yards per game. Bob Pitello, a former Susquehanna U. star from Mount Carmel, is the head line coach at his alma mater, a Lutheran school nestled in the hills of central Susquehanna Valley.

Don Green, Harrisburg freshman, and Dick Derrick, senior from Morrisstown, N.J., are the quarterbacks with Larry Kerstetter, 195-pounder from Selinsgrove, at fullback and Terry Kissinger, Selinsgrove, John Luskco, of Mount Ephraim, N.J., co-captain Neal Rebeck, of Dornsife, and Frank Procopio, a senior from Kulpmont, Pa., alternating at halfback.

## BOWL PICTURE FOR SYRACUSE TO BE DECIDED

By JACK CLARY Associated Press Sports Writer Syracuse's disposition toward playing in a postseason football bowl game, presumably the Liberty or Gotham, will be spelled out tonight by the results of its game against the Miami Hurricanes in the Orange Bowl.

The defending national champions, 6-2 this year, have invitations from both bowl committees and have promised a decision after it finishes its season against the Hurricanes.

Memphis State (7-2) plays Mississippi Southern (5-3) in another Friday night game.

## YOVICIN AND OLIVAR BOAST

CAMBRIDGE, Mass. (AP) — Both coaches—Jordan Olivar of unbeaten, untied Yale and John Yovicin of Harvard—are talking a good game for the Big One Saturday.

Stripped of the qualifying clauses, their statements go like this:

Yale's Olivar: "This could be the best Yale team I've had in nine years."

Harvard's Yovicin: "I feel we're up for this game and can beat Yale."

10-POINT FAVORITE Yale rates a 10-point favorite in this 77th renewal of an ancient series that goes back to 1876. A victory would give the Elis their first unbeaten, untied season since 1923 and, of course, clear title to the Ivy League crown.

The Elis boast a strong, durable line, top quarterback in Tom Singleton and the power running of Bob Blanchard. Their offense ranks No. 7 in the nation.

The Crimson has a defense that ranks eighth in the nation, a light, quick line and an adequate ground game.

## BOSTON WILL MEET DALLAS IN BIG TILT

By BOB GREEN

Associated Press Sports Writer BOSTON (AP) — Dallas' Abner Haynes is young and runs very well. Boston's Butch Songin is old and rarely gets out of a slow trot.

Somewhere between lies the key to tonight's only American Football League game and, possibly, to one or both of the division titles.

Haynes, 22, and a rookie scab-back from North Texas State, is the league's top ground gainer.

Songin is 34—the record book says—and could pass for 44. He's a veteran quarterback from the sandlots and Canadian ranks. And in the last couple of weeks he's been passing like crazy.

DALLAS IS 5-4

He tossed for three touchdowns and 244 yards last week, and for three touchdowns and 24 yards the week before.

Boston won both games and fanned alive its flickering hopes of an Eastern Division title. The Patriots are 4-5 and trail Eastern leader Houston (6-3) by two games. They have home and home dates with the Oilers the next two weekends.

Dallas, just as hot, has a 5-4 record and is one game back of Western leader Los Angeles (6-3). A Boston loss would put it out of the running, and a Dallas defeat would put the Texans in a difficult position indeed.

Denver is at Houston and Buffalo visits Los Angeles Sunday afternoon, while Oakland and New York take the week off.

## WILT 9-27 AT FOUL LINE, LOSE 4TH STRAIGHT

Associated Press Sports Writer PHILADELPHIA (AP) — Dolph Schayes, the National Basketball Association's all-time scorer, charged today that "any high school kid could do better" than Wilt Chamberlain's poor 9-for-27 at the foul line Thursday night.

Chamberlain, the 7-foot-1 star of the Philadelphia Warriors, missed 18 foul shots as the Warriors lost to Schayes and the Syracuse Nats, 106-105. His 27 attempts tied an NBA record, as he scored 45 points.

"It's ridiculous he missed so many," said Schayes. "But thank God he did. Any high school kid could do better than that and this guy is a pro making several thousand dollars."

"Confidence, which comes from constant practice over the years, is 90 per cent of the battle," the 32-year-old star forward said after he had sunk eight field goals and six of seven free throws for 22 points in the victory over the Philadelphia Warriors.

Two of Schayes' free throws put Syracuse ahead for good at 104-103 with 52 seconds remaining. Philadelphia, dropping its fourth in a row after winning nine straight, lost the game at the foul line.

Meanwhile, as the Warriors' losing streak continued, Detroit had its winning streak snapped at four games. In the opener of the Convention Hall doubleheader, Detroit dropped a 112-105 contest to St. Louis, Western Division leader. Bob Pettit, Clyde Lovellette and Cliff Hagan each scored 25 points for St. Louis while Pettit chipped in with 31 rebounds. High man for Detroit was Gene Shue with 23 points.

Each club is required to sell seven players, at \$75,000 per player. No more than four can be taken from one club by any one of the two new teams. All purchases must be made before midnight, Nov. 20. At the end of the player sale, each of the two new clubs will have purchased 28 players at a cost of \$2,100,000.

In addition to the stockpile from its own league, each new club will be permitted to select two minor leaguers at \$25,000 each after the completion of the annual minor league draft Nov. 23 at Louisville. Added to this total of 30, eight more may be purchased for \$25,000 by each of the newcomers from each of the American league club's farm system. That will give each of the new entries 38 players.

Although speaking in guarded tones, Cronin made it plain his league was angered by what he termed a "sudden change of heart" by Commissioner Frick.

"On October 26," Cronin said, "being aware of the commissioner's position declaring Los Angeles and New York open cities, the American League voted to expand to 10 teams in 1961. Now we come here and find that he apparently has changed his position."

## New Telephone Wonders Are Being Demonstrated

By JOHN BARBOUR

Associated Press Science Writer  
WHIPPANY, N.J. (AP)—Today in some homes in Morris, Ill., mom can dial on the telephone, hang up, and ring every extension phone in the house to call the family to dinner.

And tonight, if she and dad are going visiting, they can dial a simple series of numbers, and from that moment on every call coming to their home phone will be routed to the house they will visit.

These are just two of the wonders of a telephone system of the future, installed today for trial in 50 homes and offices in Morris by the Bell Telephone System.

### "PLEASE WAIT"

By 1965, Bell Laboratories officials expect to have the system in production for national use. Eventually 600 Morris users will give this vanguard system its customer trial. Other services to be added at Morris, or eventually to the national system:

A third party, and perhaps others, will be able to dial into an existing telephone conversation.

Of special interest in homes where teen-agers monopolize the telephone, the system will hold incoming calls with a recorded "please wait" announcement, ringing the busy phone as soon as it is hung up.

Bell officials say the new system can handle any new service that can be logically described.

All of these wonders are handled by a new, super-quick central office that replaces mechanical devices with thousands of transistors and neon-filled tubes, and a photographic electronic memory.

The new central office makes its moves in a matter of micro-seconds, or millionths of a second. There are as many millionths of a second in one minute as there are minutes in about 107 years.

### PHOTOGRAPHIC MEMORY

At the heart of the new system is the photographic memory. Its actions are to a large extent set up ahead of time by the instructions in this memory, or book of procedures.

An electronic eye scans the coded instructions on glass photographic plates, learning from these clusters of photographic dots what actions to perform next to complete the call.

If the numbers you dial refer to some specific instruction in the photographic memory, the machine looks up the instruction and handles your call as it was instructed to do.

# Ike Orders 284,000 Wives, Children Back From Overseas

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Under orders from President Eisenhower, the Defense Department will begin bringing home in January 284,000 wives and children of U.S. servicemen stationed abroad.

This return of dependents—more than half of all the armed forces dependents overseas—is part of a seven-point program instituted by the President to save an estimated billion dollars a year in American spending abroad.

The program will not cut total U.S. spending—only that part spent overseas. Some costs actually will go up as more expensive U.S. goods are bought and shipped abroad to replace much now purchased there.

**ABOUT 15,000 A MONTH**  
In effect, the program imposes a strict "buy American" policy on the military services and the International Cooperation Administration, which handles foreign aid.

The gradual reduction of overseas dependents is to be at the rate of 15,000 a month. At least part of it will be accomplished by keeping wives and children in this country as new men are sent overseas. There is no present plan to cut back the number of servicemen abroad.

Announcing the drastic foreign spending curbs Wednesday night at Augusta, Ga., Eisenhower declared it is imperative to bring this country's outflow of dollars into better balance with its foreign income. The United States presently faces a 1960 deficit in "balance of payments" which could reach \$4 billion.

**AFFECT BALANCE**  
The United States is selling

abroad much more than it is buying there in commercial trade. But this balance is more than offset by heavy military and foreign aid expenditures in other countries and by private U.S. investments there. All these affect the balance of payments.

One purpose of the sweeping curbs is to maintain world confidence in the dollar, the President made clear. Another is to protect this country's \$18-billion gold reserve against further shrinkage.

All agencies and departments of the federal government with foreign operations, including the State Department, were told by the President to determine what they could do toward economizing on foreign costs by returning dependents and where possible reducing personnel. Their plans together with those of the military services are to be in Eisenhower's hands by Dec. 15.

## Convict Laborer In Wife's Murder

CAMBRIDGE, Md. (AP)—A jury has convicted Walter W. Silva, 39-year-old California laborer, of second-degree murder in the strangulation death of his wife, Kathryn, 23, last Feb. 14 at a Salisbury, Md., motel.

When the Dorchester County jury of eight women and four men returned the verdict Wednesday after deliberating three hours, Silva showed no emotion.

Sentencing was deferred for three days pending a possible new trial move by defense attorneys.

Silva and his wife had lived together in California until August, 1959, when she returned to Salisbury, her hometown. The state

# HAGERTY MAY SUCCEED DALY IN ABC POST

NEW YORK (AP)—White House press secretary James C. Hagerty has refused to confirm or deny reports he will take over as vice president in charge of the American Broadcasting Company's news and public affairs department.

Veteran broadcaster John Daly resigned the post Wednesday, and his resignation was promptly accepted by ABC.

Officially, ABC would make no comment on reports that Hagerty would take over Daly's position after his duties end with the Eisenhower administration.

At President Eisenhower's vacation headquarters in Augusta, Ga., Hagerty said only: "When I have any announcement about my future plans, I'll let you know."

Daly, a top executive with ABC the past seven years, submitted his resignation to be effective in one month. His role as moderator of the Columbia Broadcasting System's "What's My Line?" will not be affected.

Daly said he was quitting ABC because of a "fundamental difference on policy" with ABC President Leonard Goldenson.

ABC said only that Daly's resignation has been accepted and announced the temporary appointment of Thomas Velotta, vice president in charge of special affairs for the ABC news and public affairs department.

Daly was said to have opposed the showing by ABC of a "Bugs Bunny" film and "The Rifleman" early on election night while other networks were concentrating on election returns.

Daly's yearly income from all his broadcasting activities has been estimated in industry circles at about \$250,000. The same sources indicated his job as ABC vice president earned him around \$50,000 annually.

RICHMOND, Va. (AP)—Gov. J. Lindsay Almond Jr., has refused to grant executive clemency to condemned slayer Clyde Raymond Near.

The refusal was in a letter Wednesday to Near's attorney. Near, an itinerant trucker, is sentenced to be executed for the beating death of Barry Steele Chapman, a young counselor at the Beaumont School for Boys in Powhatan County. He was slain in 1958.

charge Silva came to Salisbury last Feb. 13 and took a motel room for the specific purpose of murdering his wife.

## Leaves Estate To Benefit Missions

CHATTANOOGA, Tenn. (AP)—A woman thwarted in her ambition to be a missionary has left her entire \$50,000 estate so that, as she said in a letter, God's call for missionaries could be answered.

Over 50 years ago Miss Anna H. Fox felt that God had called her to be a missionary. But she stayed home to take care of her mother who was ill.

She taught school in Tennessee and Georgia all of her life and on Nov. 8 died at the age of 80.

Her will for probate Wednesday directed that her real and personal property be used to set up the Anna H. Fox Foreign Mission Trust Fund.

# TOP STATE TILT SHAPES UP AS DEFENSIVE GEM

UNIVERSITY Park, Pa. (AP)—The Pitt-Penn State game Saturday is shaping up as a defensive battle.

Pitt's big line has given up only nine touchdowns in nine games this year. And the Lion forward wall is pretty tough, also says Penn State coach Rip Engle.

Engle, with a bit of pride in his voice, says this about his line:

"It's the hardest hitting and hardest working line I've had in my eleven years at Penn State. I don't say it's the best line I've ever coached up here, but it certainly is the hardest working and hardest hitting."

"Because they're young, these boys have made their share of mistakes. That's why they're not the best. But I've never seen a group try harder or put out as much as this one."

"I'm really proud of the way they've come along since our early games. The improvement has been noticeable from week to week ever since the Missouri game."

Engle refused to name any particular lineman as better than the rest.

At ends, he has Bob Mitinger and Henry Opperman, both reliable if not outstanding. Among the interior linemen are Stew Barber, Jim Smith, Bill Popp, Joe Blazenstein and Jay Huffman.

One Penn State observer says the Lions have two lines of almost equal strength.

"His (Engle's) second unit is just as good as his first. As a matter of fact, Engle has used the second more often than he did the first in the last three games we won."

Engle believes the Panthers will be tougher to handle this week because of their tie with Army last Saturday.

Engle said, "They'll try to atone for their mistakes in that one by trying to take it out on us. But we'll be ready for them."

The silver-haired coach gave his philosophy on line play — "Hit the other guy hard and often."

He added, "We'll have to hit harder and often Saturday because Pitt hits just as hard and just as often."

Trees growing along the borders of woods or on streets are struck by lightning with more frequency than those growing in a thick stand of trees.

# TWO MEN HELD FOR KIDNAPING OHIO DOCTOR

PITTSBURGH (AP)—Two New York men were being held today on charges of kidnaping an Ohio doctor.

Dr. Ralph M. Rea, 39, said the men abducted him at gunpoint Wednesday in a parking lot at St. John's Hospital in Steubenville, Ohio.

Dr. Rea said they drove him into Pennsylvania, explaining they wanted him to treat a friend who had been shot. Dr. Rea said he escaped when they stopped the car in the vicinity of nearby Imperial to tie him up.

Being held were Peter Louis Rizzo, 21, of Yonkers, N. Y., and Anthony Pizzuto, 24, of Bronx, N. Y.

State police said Dr. Rea identified the men as the two who abducted him.

The doctor said Rizzo and Pizzuto got out of the car when they stopped. Dr. Rea said he noticed a hunter with a shotgun nearby. He said he grabbed one of the men and shouted for help. The hunter ran off. Eventually, the two men jumped in the car and drove away.

The doctor went to a farm house and phoned police, giving them a description of the men and the car.

State police captured the pair on Route 22 near Armagh, about 60 miles east of Imperial.

A hearing was postponed to next Wednesday to give Rizzo and Pizzuto a chance to contact their attorneys.

Michigan State football players Ed Ryan, Bob Szawast and Tom Winickie were teammates on Leo High School's 1956 Chicago city championship squad.

## Hanover Made Is Warned By NLRB

WASHINGTON (AP)—A National Labor Relations board trial examiner today recommended that Hanover Made Furniture Co., Inc., Hanover, Pa., cease discouraging union membership as a condition of employment.

Trial examiner Albert P. Wheatley, in his recommendation to the NLRB, also suggested that the company bargain collectively with the Upholsterers' International Union of North America and representative of its employees.

Wheatley said further that two employees, Alfred Arndt and Robe Swartz, fired for union activities should be reinstated and be paid for any loss of pay. Back pay, he added, should also be given to another employee, Francis Kuhn.

The union had filed an unfair labor practices complaint against the firm and the hearing in York last September resulted.

The NLRB took the Wheatley's recommendation under advisement.

Last year, during the three-day Christmas holiday, 42 persons died as a result of fire.

# MAN AND WIFE FOUND SLAIN

LANDISVILLE, N. J. (AP)—A couple was found shot to death in their bedroom early Thursday. Police listed the case as a murder-suicide.

The bodies of Lewis Becker, 52, and his wife, Louisa, 50, were discovered in their second story bedroom by their oldest son, Richard Becker, 26. The couple has three other sons.

Mrs. Becker was found in her bed bleeding from a gunshot wound in the left temple. Lewis Becker was lying next to the bed on the floor, dead from a bullet wound in the right temple.

State police from the Malaga station said Mrs. Becker was probably slain by her husband in her sleep. Her body was clad in night clothes. Becker fell fully clothed on top of his 32-caliber rifle, police said.

One bullet was found at the foot of the bed. The second shell was still in the chamber of the rifle.

The son told police that when he left the house earlier, "everything was calm and peaceful."

Malaga police said the elder

## Human Cells Placed On Discoverer XVII

LOS ANGELES (AP)—Human cells, along with bacteria and plant spores, were aboard the capsule blasted into space Monday by Discoverer XVII.

The cells, grown from a culture taken from a human arm, were sent aloft in an attempt to learn what effects man may suffer when he ventures into the bands of radiation which surround the earth in space, an Air Force spokesman announced Wednesday.

Becker had recently returned to live with his family after having been in a hospital for four years. For the past six weeks he had been drinking heavily, and had been accusing his wife of infidelity, police said.

YAZOO CITY, Miss. (AP)—Three young white men today were held without bond after being charged with rape in an attack on a 42-year-old Negro woman and her 5-year-old daughter.

Dist. Atty. Bill Waller identified the men as Bobby Smith, 18, Charles Coffey, 20, and his brother, Louis Coffey, 22.

# ONLY BERKO GLASS RADIANT HEAT GIVES "FLOOR LEVEL" COMFORT!

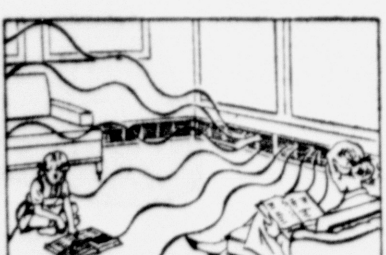

## MAKE THIS TEST YOURSELF TODAY!

**HERE'S ALL YOU HAVE TO DO —**  
Hold your hands in front of any radiator or ordinary electric baseboard heater. You'll find you have to get right up close before you feel heat! That's because convection heat rises to hug the walls and ceiling and then returns as cold air along the floor creating uncomfortable, unhealthy drafts. It fails to provide comfort in the vital "living zone" areas at floor and chair levels.

**NOW — hold your hand before a BERKO GLASS ELECTRIC RADIANT HEATER.** (Your local electrical contractor or power supplier will be glad to demonstrate it for you.) You'll feel BERKO's gentle radiant warmth from a foot away... four feet away... even from 'way across the room! That's the marvel of Berko Glass Radiant Heat. It sends out infrared rays that warm you as gently as the sun... that lay down a carpet of luxurious warmth along the entire floor... that fill every inch of a

room with a gentle draft-free heat leaving no cold spots anywhere. The air remains quiet and fresh, healthier to breathe and kind to the skin.

**EASY, INEXPENSIVE INSTALLATION**  
Berko Glass Radiant Baseboard Heaters and Wall Panels are simple and inexpensive to install. All that is needed is to attach them to the baseboard or wall and wire them into your electrical system. No need for pipe, duct, radiator or chimney installations... and never a care about costly repairs since Berko heaters have no moving parts to wear out or break down.

If you're planning to replace your old heating system with electric heating... or are building a modern electrically heated home, make the BERKO test first!

How Christian Science Heals

"The Prayer That Is Always Answered"

WGET (1450 kc)  
Tuesday 9:00 A.M.

building looks much like any of the other houses on the street of comfortable, upper middle-class homes.

But a brass plate on the front door reads "Ramakrishna Vedanta Center," and in the entrance hall hangs a framed poster portraying a large-eyed turbaned man. The caption says "Swami Vivekananda, the Hindu monk of India."

Every Sunday morning a man wearing a yellow robe over a business suit preaches a sermon in a small front parlor just off

the hall. He is Swami Vividishananda who preaches, among other things, the unity of all religions. On the wall are pictures of Buddha, of Christ in a yoga posture, and of the bearded mystic Ramakrishna.

Earlier, downstairs, there was Sunday school.

This is one of 12 such centers in the United States. Ramakrishna was born in 1836 in Bengal. He became a priest in a Hindu temple and claimed to have had visions of Mohammed

and Christ.

Many thought him insane; others venerated him. One of his followers was Narendranath Dutt.

**WAS WANDERING MONK**

Dutt was with Ramakrishna when the mystic died, in 1886, of cancer of the throat. For the next few years Dutt was one of India's countless wandering monks. He attracted a large following.

In 1893 some of his followers, including three maharajahs, sent him to Chicago to attend a Parliament of Religions at the World's Fair. His speech was a

sensation.

Dutt, who had taken the name Vivekananda, now became a wandering monk of a different kind. He went on the lecture circuit. He gave lessons in meditation in New York, where one of his students was actress Sarah Bernhardt.

**OPENS MISSION IN INDIA**

Then he went back to India and helped lay the groundwork for the Ramakrishna mission, which now operates scores of monasteries, missions, schools, libraries and hospitals there. He died in 1902.

In the United States, the mission concentrates on teaching the Vedas, or Hindu scriptures. It has temples in Hollywood and San Francisco, but most of the centers are in houses like the one here. There are two in New York and others in Boston, Chicago, St. Louis, Mo., Providence, R.I., Portland, Ore., and Berkeley and Sacramento, Calif.

Congregations range from about 30 here to 400 in Hollywood. Most of the members come from Christian backgrounds. Some still attend Christian churches.

Danny and Tess took part in the Thanksgiving tableau at school last week, and they did a good job. As I looked at them, I thought of the real Pilgrim children and that first Thanksgiving.

Our forefathers weren't inoculated against childhood illnesses. They didn't have miracle drugs and warm clothes. They certainly didn't have more than they could eat. They faced incredible hardships, with no bright toys for special rewards, no candy bars. But they knelt down in the cold with their parents and gave thanks to God just for being alive.

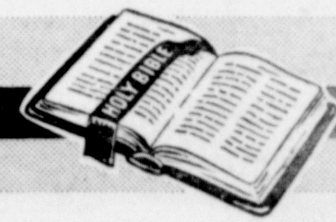

Can we do less today? Can we possibly do less, this Thanksgiving, than go to Church and humbly give thanks to our Creator for His wonderful gift of life?

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Ike's Move To Stop Flow Of Gold Pleases U.S. Business

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Every little bit helps. That's the first reaction in financial and business circles to President Eisenhower's move to stop some of the outward flow of dollars and gold into foreign hands.

But international bankers note that the major part of the outflow is still untouched.

President Eisenhower has told federal agencies to cut their spending abroad for foreign goods and foreign services. He hopes thereby to save as much as a billion dollars a year. This would leave the loss of dollars and gold still running at more than \$3 billion a year.

### DRAIN ON TREASURY

This loss—known technically as the deficit in the balance of payments—has been building up for several years. It has mushroomed in the last three years.

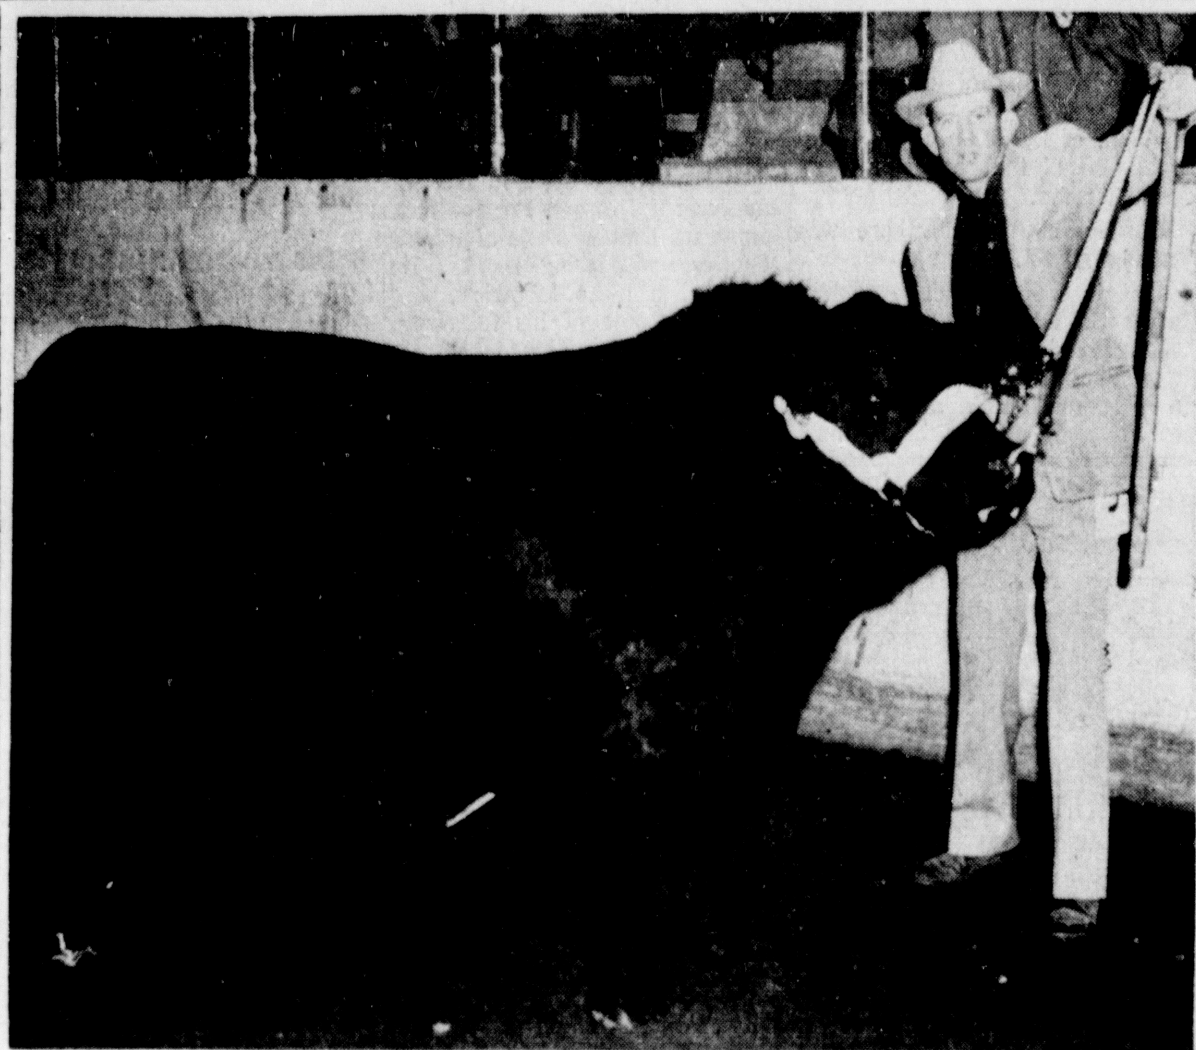

But it wasn't until the sudden rush of Europeans to buy gold on the London free market a month ago because they thought the U.S. dollar wobbled that the American public paid any attention to the drain on the U.S. Treasury.

Its gold hoard now is down to \$18 billion from a high of more than \$24 billion. The short term dollar holdings of foreigners come to more than \$18 billion. Theoretically if they all sought at once to turn their dollar holdings into stripped bare.

### STOP SELLING GOLD

Actually there is no such concerted run on the Treasury either in action or expected. And if one developed, the Treasury would doubtless stop selling gold long before any such assault on the integrity of the dollar could get far.

But the loss of gold can't go on indefinitely—\$1.3 billion has left the Treasury's hands since the first of this year. Nor can the United States go on sending \$4 billion a year more overseas than

Robert Hartley, herdsman for George E. Allen and B. G. Byars, Gettysburg R. D., is shown above with the reserve senior champion Angus bull at the recent Pennsylvania Livestock Exposition at Harrisburg. The bull is Eileenmere AB 5114.

it gets back.

That's why the President has taken steps to dramatize the situation by ordering a cutback in government agency spending.

The step marks a sharp turnaround in U.S. policy followed since World War II. For years, the U.S. government has poured billions into foreign aid to rehabilitate war torn allies and to build up underdeveloped nations. Such spending presumably is to continue at about \$4 billion a year.

Our exports currently are running about \$5 billion a year above our imports—a big spurt in exports coming this year while imports slackened.

But this \$5 billion surplus of exports over imports has been overwhelmed by our other forms of spending—foreign aid, investment abroad, travel overseas or in the Americas, costly bases on foreign soil.

It's that deficit that the President's rulings are aimed at—and that in large part still must be solved.

## TO CHECK FOUR COUNTY VOTES

HARRISBURG (AP)—Republicans are looking into voting in four Democratic counties last week but the prospect they will seek a statewide recount appears unlikely.

It would cost an estimated \$450,000 to recheck every precinct in the state, President-elect John F. Kennedy won the state's 32 electoral votes by a 130,000-vote margin.

State law requires an advance payment of \$50 per precinct for recounting votes and there are 9,044 precincts in the state. The money would be repaid where evidence of fraud are uncovered.

Even to recheck the four key counties named Thursday by GOP State Chairman George I. Bloom would cost \$174,950 for a complete recount in each of their precincts. The counties are Luzerne, Lacka-

wanna, Allegheny, and Philadelphia.

In reporting that the GOP is investigating the situation in the four counties, Bloom added: "Just how far we will go is unknown right now."

There are 3,499 precincts in these counties.

DENVER, Colo. (AP)—The spinning propeller of a light plane grazed the wing of a big United Air Lines DC6 1,500 feet over Stapleton Airfield here late Thursday.

Both planes landed safely. There were no injuries.

The 14 passengers aboard the airliner were unaware of the collision until after Capt. W. A. Tallman of Seattle landed the four-engine craft. It received several slashes in its left wingtip.

Allen Alterman, 35, a Denver business executive, landed his single-engine Beechcraft Bonanza despite a crumpled wing and a bent propeller. His plane skidded across a runway at Stapleton and came to rest in a wheat field.

## CATTON TALKS TO AP EDITORS

WILLIAMSBURG, Va. (AP)—Historian Bruce Catton said today the American Civil War "came because the machinery of democracy simply was not used. I suggest that through all future time we remember what a terrible price the failure to use that machinery can exact."

America's democratic machinery "gives us the chance to handle problems which, left to the emotions, become unmanageable," Catton told The Associated Press Managing Editors' Association.

Catton said that in 1860 "nobody tried to find a compromise—nobody seemed willing even to talk about the possibility of a compromise—and there was no compromise." And 600,000 men lost their lives.

The full machinery of democracy, Catton said, "lies in our hands, and this machinery is extraordinarily flexible and effective. But we do have to have the will to use it."

## POLICE CATCH 2ND CONVICT

EBENSBURG, Pa. (AP)—Another of the Huntingdon State Prison escapees has been captured. Three remain at large.

Here's the way state police nabbed the second convict Thursday night:

Three of the convicts broke into the home of Eugene Clause at Geesytown near Altoona Thursday nad held Clause, his wife and two children captive for nearly two

hours. Police said the convicts forced another man, D. L. Crain of Altoona, R. D. to drive them down Route 22.

### WAS UNARMED

Police overtook them off Route 53 between Cresson and Loretto.

Two of the convicts managed to get away, but the third, Robert Harn, 32, of Eighty-Four, gave himself up.

Crain was unharmed.

Police set up roadblocks in the area and pressed an all-night search for the two who escaped.

Wednesday, police captured Donald Davisson, 23, of Baden, Beaver County, near Uniontown.

The whereabouts of the fifth convict is not known. Police are looking for him around Uniontown.

The five escaped Monday by overpowering a guard.

## HOPE TO LEAD THANKSGIVING PARADE ON TV

By CYNTHIA LOWRY

AP TV-Radio Writer

All Times Eastern Standard

NEW YORK (AP)—The way network television schedules seem to be working out this year is to provide something of special interest most weekday nights, with two or more on Sundays and holidays.

The pattern for the next seven days, which includes the Thanksgiving holiday, is fairly typical.

Tonight, there is NBC's "Dave's Place," a variety show which will have Dave Garroway as head man and is expected to be patterned on those old, easy-going shows of his Chicago days (9-10 p.m.).

### DEBATE ON SATURDAY

"The Nation's Future," NBC's new public affairs show, will tackle the controversial subject of birth control Saturday (9:30-10:30 p.m.) with Britain's Sir Julian Huxley upholding the affirmative and France's Jacques Mervens, the negative, in a debate on whether it is the answer to overpopulation problems.

Sunday is a red-letter day with NBC's two-hour version of "Macbeth" scheduled from 6 to 8 p.m., and Harry Belafonte's "New York 19" on CBS from 10 to 11. The Hall of Fame "Macbeth" was made during the summer in Scotland and England and stars Maurice Evans and Dame Judith Anderson.

### TURKEY DAY PARADE

"Big City—1980" is the title of Monday night's CBS "Tomorrow" program (9:30-10:30) and is a study of urban development. On Tuesday night there is another project 20 glance backward—this time to "Those Ragtime Years" between 1900 to World War I (NBC, 10-11 p.m.).

Thursday there will be, as usual, NBC's Thanksgiving Day Parade from New York City with Bob Hope as king of the marchers (11 a.m.-12 noon). In the late afternoon (CBS, 5-6) Leonard Bernstein and the New York Philharmonic will be shown in their West Berlin concert some weeks back, while NBC will have a special called "No Place Like Home" with Jose Ferrer, Rosemary Clooney, Carol Burnett and others (5:30-6:30).

BERLIN (AP)—Human skulls, believed to be about 3,700 years old and showing signs of surgery, have been found near Magdeburg in East Germany. The newspaper, Thuringian Landeszeitung, said examination of the skulls showed their owners lived for several years after their operations.

## Urge Agency For Radiation Hazard

HARRISBURG (AP)—A separate federal agency should be set up to guard against radiation hazards, says a union leader.

Leo Goodman, secretary of the AFL-CIO Industrial Union Department's Atomic Energy Technical Committee, told the annual Pennsylvania Occupational Safety Conference Tuesday that organized labor will ask President-elect John F. Kennedy to adopt the union proposal.

"We of organized labor shall urge him to look carefully at the hazards of radiation exposure," Goodman said, adding they would seek repeal of a 1954 federal act providing for the transfer of responsibility to the states.

In another report, Secretary William L. Batt Jr., of the Labor and Industry Department said there were 659 fatal accidents in Pennsylvania industries last year, a 3.1 per cent increase over 1958. There were 80,039 injuries reported, compared with 69,904 in 1958.

## URGES HALT TO RECESSION NOW

PITTSBURGH (AP)—President David J. McDonald of the United Steelworkers has called for government action to keep "the recession in the steel industry from snowballing into all other industries."

"We need schools, we need highways, we need roads, not only to maintain social progress but also to insure the rate of economic growth necessary for this nation to keep pace in the modern world," McDonald said in a statement Wednesday.

"We of the United Steelworkers hope that the possible reduction of supplemental unemployment benefits (SUB) payments by U. S. Steel Corp. and some other firms will serve to emphasize again the very real crisis in steel production and employment."

McDonald said that in the 1957-58 recession the funds in the various companies were subjected to heavy drain because of unemployment.

The laid-off steelworkers usually gets up to 65 per cent of his take-home pay for 52 weeks with state unemployment compensation added to the SUB.

GUATEMALA (AP)—The last of the rebels against the government of President Miguel Ydigoras were reported in flight Thursday in Eastern Guatemala.

The army announced Wednesday night that the insurgents deserted their last stronghold, the port of Puerto Barrios, and took to their heels with parachute troops in pursuit. The government offered \$50 for the capture of every rebel.

## NIXON SNARES CALIFORNIA; CUTS BIG LEAD

WASHINGTON (AP)—More than a week after the election, Vice President Richard M. Nixon has captured California's 32 electoral votes. Absentee ballots did it, and helped to shave President-elect John F. Kennedy's nationwide popular vote lead to less than 200,000.

But even without Nixon's home state, Kennedy still is assured of 300 electoral votes, 31 more than the minimum needed for election.

Nixon also picked up votes Wednesday in official canvasses in Florida and North Carolina. Kennedy gained some in an official count in Indiana. These changes affected only the nationwide popular vote count.

### 1,549 PRECINCTS MISSING

That count stood this way Thursday:

Kennedy, 33,871,479.

Nixon, 33,674,382.

Kennedy's margin at this point was 197,097 votes out of more than 67½ million counted so far. His plurality figured at 50.15 per cent to 49.85 for Nixon.

Only 1,549 of the nation's voting precincts are still untallied.

Kennedy could well wind up with less than a majority of all votes cast Nov. 8, counting minor party votes, even if he still led Nixon by a paper-thin margin.

A slate of unpledged electors in Mississippi rolled up 109,400 votes. Most minor party votes still are not tabulated, but incomplete returns from six states show a total of about 72,000.

## World Briefs

VATICAN CITY (AP)—L'Osservatore Della Domenica, weekly magazine published at the Vatican, said Wednesday the election of John F. Kennedy "eliminated a prejudice that had no justification juridically or morally."

The magazine said the election of a Roman Catholic to the presidency of the United States constituted a "victory for the American people rather than for Catholicism as such."

The comment on Kennedy's Catholicism was the first published here since the election.

HAVANA (AP)—Prime Minister Fidel Castro has told workers from the U.S. naval base at Guantanamo Bay that possession of this installation in Eastern Cuba is "a problem of law, not of force."

Government-controlled newspapers reported Castro's speech Wednesday. He made it Sunday night in Guantanamo City at a

## Survey On Medical Costs Is Completed

HARRISBURG (AP)—A preliminary survey among Pennsylvanians to determine what they are most interested in learning about medical insurance costs has been completed, the state's Hospital Study Commission reported Tuesday.

The survey will be the basis for the commission's own study of the field. An insurance department spokesman said the persons interviewed generally expressed interest in why there was such a need for more hospital beds and new hospital buildings.

A detailed report on the survey is expected in three to four weeks. It was conducted by Paul S. Lunt Associates of Oxford, Chester County. The survey covered 126 persons.

When Jim Lee Howell retires as coach of the New York Football Giants after this season he will work in the office as director of personnel.

high school about 200 miles from the main entrance of the base.

This was Castro's first visit to the Guantanamo area since his government first raised the question of Washington surrendering the big base, leased from Cuba by treaty early in the century.

## LATE BALLOTS WIN FOR NIXON

SAN FRANCISCO (AP)—Absentee ballots spelled victory for Richard M. Nixon today in the tight race for California's 32 electoral votes, and heightened the vice president's prestige in his home state.

Switching the statewide unofficial count from the Democratic column did not alter the election of

Democratic Sen. John F. Kennedy. But it choked off opposition jibes that Nixon couldn't even carry his native area.

Unofficial returns from all but 20,000 of 230,000 absentee ballots counted eight days after the polls closed gave the Republican presidential nominee a lead of 13,160. He had trailed Kennedy throughout the regular count, but the absentee tally was Nixon 132,186; Kennedy 84,458.

These gave Nixon a total of 3,219,211 to 3,206,051 for Kennedy. The uncounted 20,000 were main-

ly in Republican strongholds of San Diego and Orange Counties.

It appeared that only gross error exposed by the official canvass in some of the major counties could upset the Nixon victory. This seemed unlikely.

Los Angeles County, which Kennedy carried election day, gave Nixon 51,818 absentee votes to 30,329 for the president-elect.

LONDON (AP)—The Daily Express called on the government today to slash imports of Argen-

tine meat into Britain. "It is believed that diseased imports from the Argentine have caused the hoof-and-mouth outbreak which is sweeping Britain," the newspaper said editorially.

VIENNA, Austria (AP)—Construction work on Hungary's largest oil refinery is under way at Szoeny, newspapers received here said. The refinery, to be completed at the end of 1961, will have a capacity of one million tons of crude oil yearly.

THE MARXENS moved into their All-Gas home in Pittsburgh in June of '57. All of the major household jobs are done by modern, automatic gas appliances... cooling, heating, cooking, clothes drying, water heating, and the Marxens are enjoying the low fuel bills typical of All-Gas Homes.

## "WE SAVE OVER \$350 A YEAR IN OUR ALL-GAS HOUSE OF SAVINGS," SAY THE MARXENS

Amazed at low cost of central GAS cooling and heating

MRS. MARXEN PREFERS GAS COOKING because—as she puts it—"You don't get the exacting control with electric that you do with gas." Mrs. Marxen is always sure of perfect results with her modern built-in gas range with the Burner-with-a-Brain. Her kitchen walls and curtains stay bright and new because gas cooking is clean.

During three of the hottest summers and coldest winters in recent years, cooling and heating their entire 5 level, 6 room house with gas cost the Marxens only an average of \$25 a month. "That's one good reason why we like our gas system best," says Mr. Marxen.

"And what comfort we've had!" adds Mrs. Marxen. "Every room is just the way we like it—without drafts. The house stays cleaner, too."

The Marxens are sold on gas appliances not only because they're economical, but because they assure safe, dependable operation with low upkeep. "What little service we've needed has been handled quickly, efficiently and courteously by the Gas Company," says Mr. Marxen.

You, too, can enjoy modern living with convenience and comfort as well as economy—by installing all gas appliances in your home.

## HOLD BANKER, PUBLISHER IN BANK LOOTING

SAN ANTONIO, Tex. (AP)—A country newspaper publisher and former banker arrested here Thursday on charges of robbing two Texas banks remained in jail today in lieu of \$50,000 bond.

"I have no way of making that bond," Lawrence C. Pope, 42, said when arraigned on charges of robbing the First State Bank of Thornton of \$1,744 on Nov. 5 and the Farmers State Bank of Shulenburg of \$4,800 in cash and \$11,000 in government bonds last Saturday.

Pope surrendered when FBI agents, acting on a tip from an unidentified woman, raided his motel room here.

### PHOTOGRAPHED VICTIMS

Pope, who had been a banker in several Texas cities and a federal bank examiner before buying weekly newspapers at the small towns of Giddings and Lexington last month, told officers he threw away the pistol used in the robberies.

He said he also threw away the photographic films exposed during the holdups. Employees of the banks said the robber forced them to disrobe partly, then took pictures with a small camera before fleeing.

CAMDEN, N. J. (AP)—Campbell Soup Co. will acquire Pepperidge Farms, Inc., through an exchange of stock effective Jan. 1. The soup company announced Thursday that it will give 357,413 shares of its common stock to acquire complete control of Pepperidge, which makes bakery and pastry products at plants in Norwalk, Conn.; Downingtown, Pa., and Downers Grove, Ill. Campbell has 28 plants.

The number of Pepperidge farm shares involved in the swap was not announced, but it was understood that the swap is to be one-for-one.

William B. Murphy, Campbell president, said that Pepperidge, which has its headquarters in Norwalk, will operate as a separate unit with its own employees and officers.

## ONE KILLED IN TANKER CRASH

LIMESTONE, Maine (AP)—A big Air Force tanker plane crashed and burned on landing at Loring Air Force Base early today, killing one crewman and injuring the other 16 aboard.

The Air Force said one of the four crewmen was missing and presumed dead in the burned wreckage.

His identity was not immediately disclosed.

### REST OF PERSONNEL SAFE

The other 16, including the other three crewmen and 13 passengers—all Air Force personnel—scrambled out of emergency exits after the plane careened some 3,000 feet on the ground.

None of the 16 was considered in serious condition.

The plane was returning to Loring after a 6½ hour refueling mission.

The Air Force said the KC135 of the 42nd Bombardment Wing, veered off the left of the runway on touching down and burst into flames as it ploughed along the ground.

### EMERGENCY LANDING

WILLIAMSPORT, Pa. (AP)—A government-chartered plane with 17 federal prisoners aboard landed at the Williamsport-Lycum Airport safely Thursday after one of its two engines quit in flight.

The contingent later resumed their trip to Indianapolis, Ind., from Newark, N.J., in another DC-3.

Williamsport police helped federal guards watch the prisoners until the switch could be made. The prisoners remained on the disabled plane until the substitute craft arrived.

## WILL PUSH LONG RANGE ROCKETS

CAPE CANAVERAL, Fla. (AP)

—The Navy will concentrate on developing a longer range Polaris submarine missile now that the last test rocket in the 1,300-mile series has been fired.

The final A1 Polaris vehicle fizzled in flight Thursday when the second stage cut off too soon and the missile plunged into the Atlantic several miles off the Cape.

The malfunction, which the Navy is attempting to pinpoint, marred an effort to close out the

A1 program on a successful note.

A total of 52 missiles were fired in the 14-month test program for this series. The scoreboard read: 37 successes, 10 partial successes and 5 failures.

### NOW OPERATIONAL

Eight of the successful Polaris were fired from the nuclear submarine George Washington and Patrick Henry while they were submerged.

The A1 became operational last Tuesday when the George Washington went to sea with 16 of the nuclear armed missiles, ready to fire on a minute's notice. The Patrick Henry will go on patrol next month.

## Doubt 3rd Man Is Involved In Kidnap

PITTSBURGH (AP) The FBI said Thursday it is doubtful a third man was connected in the abduction of Dr. Ralph M. Rea 39, of Steubenville, Ohio.

Dr. Rea said two men abducted him at gunpoint in Steubenville Wednesday and claimed they wanted him to treat a friend who had been shot in the arm.

Under arrest on kidnapping charges are Anthony Pizzuto, 24, Bronx, N. Y., and Peter Rizzo, 21, Yonkers, N. Y.

They were apprehended Wednesday afternoon near Ar-

abona, Cambria County.

# Halloween Pranksters Made Use Of Jersey Devil Myth

By JOHN KOLESAR

The screams that residents of Dorothy, N.J., have heard in the night and those big tracks in the earth they have seen are probably caused just the way the state troopers have said—by Halloween pranksters.

For the Jersey Devil is a monster born and sustained by myth, press-agency and reporters' yen for a good ghost story.

The myth has it that the Jersey Devil was born in 1887 in Estellville, a little community about 15 miles west of Atlantic City and 5 miles east of the hamlet of Dorothy.

## BORN A DEVIL

Supposedly a Mrs. Leeds was expecting her seventh child, didn't like the prospect, and wished that it would be a devil. When the time came, it was born a devil, and immediately flew up the chimney and out into legend.

Since then, it supposedly has been seen a number of times.

What did the devil look like? It was cloven-hoofed, long-tailed, with the head of a collie dog, the face of a horse, the body of a kangaroo, the wings of a bat, half-human, half-animal. Sometimes it had 11 feet and exhaled fire and smoke.

## CALLED CONCOCTION

That may be a little difficult to visualize, but you know how eyewitnesses are about these things. So much for the myth.

How about the truth? Prof. Curtis D. MacDougall, of the journalism school at Northwestern University, seems to have the most logical explanation.

He says the Jersey Devil is the concoction of Norman Jefferies, a press agent for C. A. Brandenburg's Museum in Philadelphia in 1906.

MacDougall, in his book on

hoaxes, says Jefferies ran across the story of Mrs. Leeds in an old book and decided to use it in a publicity stunt.

## STORIES GREW

Since Jefferies' past stunts put him in low repute with Philadelphia newsmen, he got a story printed in a little South Jersey paper.

The story said a farmer spotted the devil near his barn.

Next thing, reporters descended, plaster casts were made of footprints, prominent South Jersey citizens began stumbling home after encounters with the beast, and women were found in hysterics on lonely roads.

## PUT ON EXHIBITION

Then Jefferies topped the whole thing by arranging capture of the beast in Hunting Park, Philadelphia, and putting it on exhibition at, by coincidence, the museum.

The museum's customers got only a fleeting glimpse of the beast. They saw a green and white, kangaroo-like animal, with wings. The curtain opened, the beast leaped at them and the place cleared out for the next batch of customers.

## CONFESSED HOAX

The beast was a kangaroo—purchased in Buffalo N.Y.—painted green and white and harnessed with bronze wings. The leap was prompted by a small boy with a stick.

Jefferies himself confessed his part in the whole thing in 1929. But the devil, it seems, is immortal.

Residents recently reported hearing screams and seeing footprints around Dorothy. Police say it was only Halloween pranksters. But local folk know better—it was the Jersey Devil, they say.

## Littlestown

## DRY CLEANING PLANT OPENS

Mr. and Mrs. Bernard J. Nick, proprietors of the Bizzy Bee Dry Cleaners, recently opened a completely modernized dry cleaning establishment at 10 E. King St., Littlestown.

All the cleaning work is by continuous rail and conveyor system. There is no manual handling of the clothing.

There is an 80-by-40 foot floor area in the basement, ground floor and second floor. The basement houses the cleaning equipment, driver storage and a vault to store 25,000 garments. There is also a venetian blind service and shirt finishing unit.

The ground floor contains the office and store facilities; finishing, alterations, custom tailoring and repair, inspection and bagging areas. The second floor will be used for drivers sales training areas, a show room for fashion shows and the route sales manager's office.

The interior of the building was designed and decorated by Carns Interior Decorators of York.

James R. Nickey, son of the owner, is route sales manager. Gary L. Harner and Clyde L. Fuhrman are assistant sales managers; Robert Baker and Robert Ohler are the route foremen.

At the present time, there are ten trucks for handling the pickup and delivery service.

The Nickys are planning a grand opening next month.

BOARD TO MEET

The executive board of the Junior Women's Club of Littlestown will meet at 8 p.m. on Monday at the home of the president, Mrs. Woodrow D. Crabbs, near town. The date will be set for the annual Christmas party for the children of members and items of business have been slated for the agenda.

Club members who have signified their intentions to go on the shopping trip by bus to Baltimore next Saturday, November 26, leaving town at 8 a.m., should give the bus fare to Mrs. R. Kenneth Boyd, N. Queen St., as soon as possible.

TROOP MEETS

First class requirements were read by Barbara Muller, Linda Keeler, Peggy Altoff, Martha Ritter, Carolyn Kump, Carol Flickinger and Judy Knight at the meeting of Girl Scout Troop 45 held on Wednesday after school in the engine house. The president, Barbara Pittenturf, presided. The color guard was composed of Carolyn Kump and Judy Knight. The birthdays of Barbara, Miller and Peggy Altoff were noted. The girls returned the money from the sale of Girl Scout calendars. The group voted on the kinds of Christmas gifts to be made as a troop for their parents. Group singing concluded the meeting. The next gathering of the troop will be held after school on November 23.

POSTPONE VISIT

The Littlestown Junior Chamber of Commerce will not visit the Hanover Jaycees on Tuesday as previously announced. The local Jaycees will attend a Hanover chapter session on Thursday, December 1, leaving town at 8:15 p.m.

BALLOTS OVER

WASHINGTON (AP) — Republican leaders in most of the 11 states where a vote recount was suggested do not plan to challenge the Nov. 8 election results.

When GOP National Chairman Thruston B. Morton proposed the recounts a week ago, he told Republican officials in 11 states to look into "purported vote frauds." He urged investigation and whatever follow-up action was indicated.

A check today with GOP leaders in the states listed by Morton showed:

No recounts are planned in Michigan, South Carolina, Illinois, New Mexico, New Jersey, Pennsylvania or Delaware. Party officials in Nevada and Missouri were awaiting official state canvasses before making a decision. That was also the situation in Minnesota, but any recount move there appeared doubtful. Texas GOP leaders have said they were considering a recount bid, but have taken no action.

**SOME BEING CHECKED**  
Reported voting irregularities were being checked in some of the states.

The reaction of the state leaders came as John F. Kennedy's victory margin was cut further by late counts—making it almost certain that he would end up with less than a majority of all the votes cast.

With 1,549 precincts still out and many absentee ballots still to be counted, Kennedy had 33,869,208 votes to 33,684,561 for Republican Vice President Richard M. Nixon. This gave Kennedy a lead of only 184,647 out of more than 67½ million votes.

Absentee ballots continued to build up Nixon's winning margin in his home state of California. Hundreds of thousands of votes for unpledged presidential electors and minor party candidates will cut further Kennedy's percentage of the national popular vote. Most states will not report votes for splinter parties until the official canvass. The last of these returns will not be in until next month.

Neutralist Laos  
To Take Red Aid

VIENTIANE, Laos (AP)—Premier Souvanna Phouma's neutralist government announced today it has agreed to formation of a coalition regime that will include members of the pro-Communist Pathet Lao.

A communique said that Laos, now largely supported by American dollars, will also accept aid from Red China and Communist North Viet Nam.

The United States has pumped about \$300 million into Laos since 1954 to keep the strategic Buddhist kingdom in the anti-Communist camp. About 85 per cent of the aid has gone into the country's military and civil budget.

The communique announcing acceptance of Communist help was the first from peace talks that Souvanna opened with Pathet Lao negotiators here a month ago.

FAMILIES NOT  
TO BE SPLIT

WASHINGTON (AP)—The Pentagon has made it clear that a new order involving dependents will not force extensive separations of military families now overseas.

Secretary of Defense Thomas S. Gates Jr. said late Thursday a presidential order to reduce the number of overseas military dependents by about 184,000 will be carried out mainly by:

1. Having military men now overseas return to the United States with their families at the end of their normal tours of duty.
2. Returning some military men with their families before completion of their regular assignments.
3. Reducing the number of military dependents sent abroad in the future.

The reductions will start in January at the rate of at least 15,000 monthly.

Even if Kennedy winds up with less than a majority, he will of course still be the winner—baring an unexpected upset in the electoral vote lineup. His 300 electoral votes are 31 more than the 269 needed for election.

SEOUL, Korea (AP) — South Korean national police Thursday fired warning shots and tear gas to disperse 1,000 Yonsei University demonstrators demanding the release of 56 students arrested after a riotous attack on the homes of two American officials of the university.

The students clashed with the police while marching toward two downtown police stations where the students were held on charges of trespassing and damage to property.

The flareup against the American university officials climaxed a two-month dispute over the dismissal of three professors by the school board for alleged neglect of duties and other reasons.

NEW YORKER  
GUILTY OF  
BRIBE TRY

GAINESVILLE, Fla. (AP)—The first trial ever held under Florida's 1953 athletic bribery law resulted in the conviction of Aaron Wagman of New York but an appeal is in prospect.

Wagman, 27, admitted on the witness stand that he paid Jon Macbeth, Florida fullback, \$1,500. Wagman said it wasn't intended as a bribe, however.

His attorneys told the jury Wagman thought he was buying "into a fix . . . to benefit presumably by making bets."

QUICK VERDICT

The six-man jury took only 34 minutes Thursday to convict Wagman of a charge of bribery with intent to affect the score of a sports event.

His attorneys said they will appeal.

Wagman and Philip Silber, 19, were accused of bribing Macbeth to limit the points on the Florida-Florida State football game Sept. 24. Macbeth helped authorities trap the pair and they were arrested the day of the game, which Florida, a 12-point favorite, won 3-0.

Silber pleaded guilty, turned state's evidence and is awaiting sentence.

WILLIAMSBURG, Va. (AP) — Regular newspaper reading helps develop better citizenship through reader knowledge of public affairs and more intelligent decisions by the public, a spokesman for the American Newspaper Publishers Association said Thursday.

Educators know this and are willing to give the same kind of cooperation in helping young people learn how to read newspapers in classrooms. Stanford Smith, general manager of the ANPA, told The Associated Press Managing Editors Association.

CONFESSED  
SLAYER IS  
INDICTED

OTTAWA, Ill. (AP) — Three murder indictments charging Chester Otto Weger, 21, with slaying three Chicago area women in Starved Rock State Park were returned today by the LaSalle County grand jury.

The panel filed six indictments against Weger before Circuit

Judge Leonard Hoffman, three accusing him of earlier crimes against victims waylaid in lonely sections of another state park nearby.

The indictments came quickly following the former park lodge kitchen helper's confession Thursday and re-enactment of the killings.

3 BLUDGEONED

The victims, prominent Riverside, Ill., matrons, were bludgeoned in a lonely park Canyon March 14.

Besides the three murder indictments, the grand jury returned accusations of:

1. Robbery and larceny July 24,

1959 in Mathieson State Park; the victim was Virginia Funston of La Moille, Ill.

2. Armed robbery, larceny and assault with a deadly weapon, also in Mathieson State Park, Sept. 13, 1959, when Weger was charged with preying upon James Supan of Lostant, Ill., and Jean Kapp, formerly of Lostant and now a Peoria resident.

HAS SEX RECORD

Weger, a dishwasher at the park lodge at the time of the triple killing, broke down early Thursday and told authorities he slew the women during a robbery attempt. The prisoner, who has a sex offense record dating back

seven years, denied sex was a motive.

State's Atty. Harland Warren indicated a speedy trial would be sought for Weger, married and the father of two.

Victims of the fiendish killings, all wives of Chicago business executives, were Frances Murphy, 47, Mildred Lindquist and Lillian Oetting, both 50.

The three women, friends and neighbors in Riverside, a Chicago suburb, were on a brief holiday at the park, near Ottawa, when they were slain. They disappeared after leaving the park lodge March 14. Their bodies were found two days later in a shallow cave in St. Louis Canyon in the park.
